

## Project overview

The Kensington Colleges Development Project on High Street will replace the existing Kensington Colleges and deliver a significant increase in college accommodation. This will enable more students to share the benefits of residential college life. Students will be able to access a variety of dedicated common rooms, formal and informal group study areas, support facilities and outdoor spaces. The project is due to be completed in Semester 1, 2014.

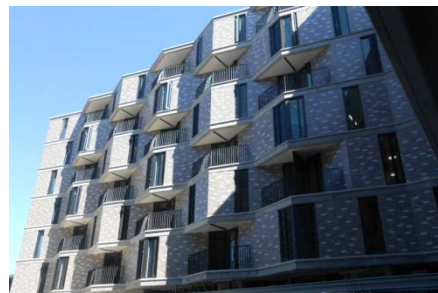

**A construction work zone** is in place between Gate 7 and Gate 5. **Please obey the signs to avoid parking fines!** Work zone hours are Monday-Friday 7:00am-5:30pm and Saturday 8:00am-5:30pm.

## Construction progress

- **Goldstein College:** Works on the internal fit-outs; including tiling, joinery and painting are progressing well. Scaffold to the northern elevation (High Street) will be dismantled by Monday 9 September 2013.
- **Fourth College:** Works on the internal fit-outs; including tiling, joinery and painting are progressing well. Tiling has been completed and carpet installation has commenced on Level 5. Scaffold has been dismantled on the northern and southern elevation.
- **Baxter College:** Works on the internal fit-outs; including tiling, joinery and painting are progressing well. Tiling has been completed and carpet installation has commenced on Level 4.
- **Seniors' Hall:** Internal fit-out has been completed on Level 3 while work on Levels 4, 5 and 6 is continuing. Scaffold has been dismantled on all elevations.
- **Basser College:** The main structure is now complete. Internal fit-out and services rough-in has been completed to Level 6. External framing is now complete and brickwork is currently on Level 6.
- **Basser Steps:** The lower section of Basser Steps leading down and into the Quad remains affected by services and modification works to the steps, this should be completed by the end of November 2013 .
