Community Forum

I am pleased to invite you to participate in a Community Forum about the proposed renewal of the UNSW Cliffbrook campus, which is located on the corner of Battery and Beach Streets, Coogee.

The proposed renewal will enable UNSW to use this site as an educational and residential retreat, mainly for the Australian Graduate School of Management’s residential program. The project is now in the planning stages.

The Cliffbrook campus is important to the history of both Coogee and the university, and UNSW takes seriously its obligations to protect heritage, environment and the neighbourhood.

In response to community feedback at a series of drop-in sessions last year, UNSW is initiating a Community Forum where views and ideas can be shared. Project representatives, planners and architects will be in attendance. Feedback from the Forum will be compiled into a report which will be available to the project as the redevelopment plans take shape.

UNSW is seeking your participation and input. We encourage you to register to attend and/or to speak.
