The Kensington Colleges Development Project
Project newsletter 15, April 2013

Never Stand Still
Facilities Management

Project overview
The Kensington Colleges Development Project on High Street will replace the existing Kensington Colleges and deliver a significant increase in UNSW college accommodation. This will enable more students to share in the benefits of residential college life. Students will be able to access a variety of dedicated common rooms, formal and informal group study areas, support facilities and outdoor spaces.

The project is due to be completed in Semester 1, 2014.

Construction progress
- **Basser steps**: Temporary works ongoing. Once installation of tactile indicators is complete the hoardings will be relocated to the north, widening access on the stairs.
- **Goldstein College**: Concrete structure currently at Level 7.
- **Fourth College**: Main structure complete. Internal fit out and façade work has commenced.
- **Baxter College**: Concrete structure currently at Level 11. Internal fit out has commenced on lower levels.
- **Seniors College**: Main structure complete. Internal fit out and external façade work progressing.

For more information visit [facilities.unsw.edu.au](http://facilities.unsw.edu.au)
For all construction-related enquiries, please contact Dane Lalic on 0411 406 559

A construction work zone is in place between Gate 7 and Gate 5. Please obey the signs to avoid parking fines! Work zone hours are Monday-Friday 7:00am-5:30pm and Saturday 8:00am-5:30pm.
